**DOME HOUSES**  
by SeatupDome®

**FANUS DOME**

**WHY ?**

[www.seatupdome.com](http://www.seatupdome.com)

**FANUS DOME** is a crystal clear dome that blends perfectly with the surroundings. The pocket you're not a maker of transparent hexagonal solid polycarbonate plates with 4 mm stainless screws made of material used in phones.

It has a honeycomb structure to which it is attached.

It is completely transparent, UV protected, unframed.

Strong enough to be used as a permanent structure, but during assembly

It is easy enough to be disassembled or moved.

It is an excellent product in terms of resistance to weather conditions.
